THEATRICAL AND OTHERWISE.

News and Comment of Stage Matters and Other Gossip.

Mrs. Langtry has arrived in New York to present her latest play "The Degenerates."

Julia Arthur and her magnificent production of "More Than Queen" will be seen at the Lexington opera house for two nights, Jan. 18 and 19th. Miss Arthur's Napoleonic spectacle has been a most pronounced success and her Josephine has left even a stronger impression on the mind of the average theatre-goer than her "Lady of Quality," which first won fame and favor for this popular actress. The character of Josephine takes her through the vicissitudes of the widowed Vicomtesse de Beaumarnais, through the frivolities of the Citizeness First Consul, through the rising splendor of the Empress, through the stormy period of her valiant struggles against the Imperial policy of her husband which demands her downfall enable Napoleon to form a matrimonial alliance with one of the reigning dynasties of Europe, and, finally, through her pathetic self-sacrifice for the man she loves. Miss Arthur's magnificent work has received generous marks of popular approval. The gorgeous scenic settings and the costumes, which have become the talk of all the cities she has appeared in, have proved a very strong attraction for the ladies.

Julia Morrison James, the actress who killed Robert Leiden, of the "Mr. Plaster of Paris" Co., for persecuting and insulting her, was acquitted Wednesday day at her trial at Chattanooga.

Sol Smith Russell's great play "A Poor Relation" will be presented at the Grand on the 20th, which Mr. Frank J. Keenan, a clever young actor in the leading part, supported by the same company which was with Mr. Russell up to his retirement on account of illness several weeks ago. "A Poor Relation" will be given in the same elaborate scale in every detail that has always characterized Mr. Russell's performances.

Joe Jefferson has retreated to his Louisiana home, and his son, Thomas, is playing "Rip Van Winkle" on a Western trip. Sol Smith Russell, who had to quit the stage several weeks ago on account of nervous prostration, has gone to Old Point Comfort. He hopes to be able to act next season, and will study a part in a new play.

STANDARD OPERA FOR PARIS. Manager Borland has just made arrangements with the Andrews Opera Co., whereby he can secure them for two nights and matinee, beginning Friday, January 26th, if he can sell enough season tickets. These will be sold in advance only, at three dollars for four admissions, which is a saving of twenty-five per cent., as single seats are one dollar each. An advance subscription sale has opened at Borland's and all those desiring to take advantage of this offer will please call at once and enroll their names.

The company is a large and expensive one, complete in every detail, even to its own orchestra. Reports from where the company is now playing show immense satisfaction and packed houses.

An audience of moderate size witnessed the performance of "A Woman in the Case" Saturday night at the Grand, and gave generous applause to the work of J. W. Letton, the Irish comedian, and Miss Celeste Seymour, the violinist. The company was a large one and should have given a better performance, but the show was doubtless weakened by the omission of specialties by Bartlett and May. Bartlett was a sick man and was attended by a doctor between acts.

The Murray Comedy Company began a three nights engagement at the Grand last night, presenting "The Senator's Daughter," to a good house. The company numbers about twenty-eight people, headed by Miss Lillian May Crawford and Harry Stanley, and includes several specialty artists, a brass band and orchestra. The bill for to-night will be "The Engineer," and "Uncle John in Town" will be played at the matinee to-morrow. "Triss" may be produced Wednesday night.

Rev. G. L. Morrill, a Baptist minister, Councilman Mel Millett, a Catholic liquor dealer, and Louis D. Baer, a Hebrew liquor dealer, all of Owensboro, will be fellow travelers on a trip to the Holy Land. They will start February 1st. The odd religious and secular combination is evoking good-natured raillery from their friends.

Engagement Broken Off.

A girl in Montgomery broke her engagement with one of the wealthiest young men in the county, because he had indigestion so bad he was a menace to her happiness and no good to himself. What a relief just one bottle of Dr. Caldwell's Syrup Pepsin would have been to that man, and what a boon it is to-day to many a household, where it keeps all the family in a state of health that warrants true love, confidence and happiness in the home. Have You Heard Of It?

You may have heard about SCOTT'S EMULSION and have a vague notion that it is cod-liver oil with its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more.

SCOTT'S EMULSION

looks like cream; it nourishes the wasted body of the baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact.

The hypophosphites that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body.

Vaccination.

It appearing to me by representation of Dr. Bowen, the Health Officer of Bourbon County, that there is a necessity that all persons in the county should be vaccinated, I hereby authorize and empower the physicians of their respective precincts to vaccinate all persons who are unable to procure vaccination. The physicians shall furnish to me as Judge of said County, a true list, under oath, of the persons vaccinated by them, with the charges thereof, no to exceed twenty-five cents for each successful vaccination. All cities and towns in the county having Councilmen or Trustees do not come under this notice, as it is especially their duty to make proper provisions under Sec. 4611 of Kentucky Statutes. Every good citizen is interested in observing and assisting in the enforcement of this notice. I hope no further steps will become necessary. I am, respectfully,

ADVANCE OF TROOPS.

Part of the British Forces Cross the Border Into the Free State.

Great Activity at Ladysmith, and Another Battle is Likely to Soon Take Place—Latest News From South Africa.

Ladysmith, Jan. 12. (By Heliograph).—The besiegers have been quiet for two days, but can be seen in active movement on the distant hills.

We have perceived two small bodies galloping with two machine guns.

The Boer heavy piece on Bulwana hill has not been fired for two days.

More Boer dead have been found at the base of Caesar's Camp.

Boer Headquarters at Colenso, Thursday, Jan. 11 (via Pretoria, via Lourenço Marques, Friday, Jan. 12).—Everything points to a great battle within the next few days. Ladysmith for the last two nights has been firing rockets. The object is not known here.

Durban, Jan. 12.—The entire absence of news from Chieveley or Frere Camp continues, but there is a persistent rumor that Ladysmith has been relieved.

London, Jan. 15.—A special dispatch from Cape Town, dated Friday evening, January 12, announces that Gen. Warren has crossed the Tugela river.

London, Jan. 15.—The war office issued at midnight a dispatch from Field Marshal Roberts, dated Cape Town, Sunday, January 14, 8:30 p. m., saying: "There is no change in the situation to-day."

The war office simultaneously issued the following from Lord Roberts, dated Cape Town, January 13, 3:30 p. m.: "Methuen's cavalry reconnaissance returned on January 11. Went 23 miles into Free State. Country clear of enemy, except patrols."

"All quiet at Modder river."

"French reconnoitered around the enemy's left flank on January 10. Advanced from Sluimerg's farm, on January 11, with cavalry and horse artillery to bombard Boer laager east of Colesberg Junction, but was unable to outflank the enemy."

"Reconnaissance of cavalry and mounted infantry pushed north of Bastard's Nek and examined country north of Ridge."

"Gatacre reports no change."

"All well on December 25 at Mafeking."

If the announcement of Gen. Warren's movement be correct, it is evident that Gen. Buller's forces are spread over a very wide front—perhaps 25 miles—and in the event of a sudden fall of the river, his operations might be full of danger. It is believed that Gen. Buller has no good survey maps of the district. This will add to his difficulties.

Sir Charles Warren's advance probably means an attempt to seize Hlangwane Hill, the main post of the Boers south of the Tugela. Upon the success or failure of these operations depends the whole future of the campaign. Until the result is known Lord Roberts will be unable to decide how to dispose the two divisions and the reinforcements now arriving.

A dispatch to the Daily Mail from Modder river, dated January 10, gives a rumor that Kimberley was being bombarded.

Bastard's Nek, mentioned in Lord Roberts' dispatch as the locality of reconnoissance, is northwest of Colesburg.

Doubts are beginning to be raised whether it will be possible to get together anything like 10,000 yeomanry. Only a very small percentage of the applicants satisfy the standard of riding and shooting.

A large number of officers from the Egyptian army have just left Cairo for South Africa, to replace those killed and wounded.

Modder River, Jan. 11.—Gen. Babington, with two regiments of Lancers, the Victoria Mounted Rifles and a battery of horse artillery, left here on the evening of January 7 (Sunday) and crossed the Free State border on Tuesday. Simultaneous other movements were made. A column under Col. Pilcher went from Belmont to the south of Gen. Babington's route, while a portion of the garrisons of Klokfontein and Honey Nest Kloof, under Maj. Berne, advanced toward Jacobsdal.

Gen. Babington penetrated 12 miles and his scouts 20. They saw no signs of armed Boers. The farm houses were found empty, the occupants having fled into the interior. The British bivouacked at random. They burned three farm houses, the property of Lubbe, one of the Boer leaders. They then swept around southward, returning here. Nothing was accomplished except a reconnoissance.

Col. Pilcher came into touch with Gen. Babington and then returned to Belmont.

Maj. Byrne reconnoitered the hills about four miles from Jacobsdal and saw 700 Boers.

Wife Murderer Hanged.

Philadelphia, Jan. 12.—Robt. Brown, a Negro, was hanged Thursday in Moyamensing prison for murder of his wife. Brown's crime was particularly brutal and savage. It was in the latter part of 1898 when Brown, who had just been discharged from the house of correction, went to the house where his wife, Lucinda, was employed as a domestic, and accused her of having caused his arrest. She was scrubbing the steps at the time and Brown drew a knife and stabbed her repeatedly, inflicting wounds which soon resulted in her death.

MASKED AND ARMED.

A Lone Highwayman Cleaned Out Two Restaurants in Kansas City in True Western Style.

Kansas City, Jan. 15.—In true western fashion, a lone robber, masked and armed, cleaned out two restaurants in the center of the city at 6 o'clock Sunday morning, under the glare of an electric light. In Lewis' restaurant, at 1210 Walnut street, he pointed a pistol at Stanley Brushwood, the cashier, and tapped the register, while he kept his revolver in plain view of two customers, eating nearby. The contents of the register had been transferred to the safe but a few minutes previous, and the robber secured only a handful of change.

He then gave the waiter and the two customers a parting word of warning and skipped across the street to the restaurant of Robert McClinch. Here the robber covered Cashier Joseph Drysdale, and commanded two waiters and three customers to hold up their hands. They complied promptly and the robber emptied the register in a twinkling. He pocketed the entire contents, \$146, and backing out of the door, encountered a grocery solicitor. He poked his revolver into the solicitor's face with the command not to make an alarm and forced him into the restaurant, where all the others still stood with arms upstretched.

At this instant the robber darted down a nearby alley and disappeared. Hardly more than five minutes were consumed at both jobs and the robber had plenty of time to get away before the scared victims had recovered composure.

SURVEYING A ROUTE.

A Cable Across the Pacific Connecting San Francisco, Honolulu, Guam and Luzon.

Washington, Jan. 14.—Official reports received by Mr. Adm. Bradford, chief of the bureau of equipment, from Lieut. Commander H. M. Hodges, commander of the Nero, announce the feasibility of a cable route across the Pacific, connecting San Francisco, Honolulu, Midway islands, Guam, Luzon and Yokohama.

The Nero surveyed between Guam and Luzon, and then ran back to Guam, pursuing a zig zag course, in order to sound along the route selected, with a view to obtaining the best possible location of the cable. Then she ran a straight course to Yokohama. She returned, zig zagging, to Guam, and will zig zag across the line to the Midway islands and to Honolulu, when her work will be completed.

The Nero has found a depth of less than 3,000 fathoms between Yokohama and Guam and Luzon and Guam. Three thousand fathoms is the extreme depth the authorities were willing to lay the cable.

The cable between Honolulu and Dongala bay, which is the Luzon terminus of the cable line, will be 4,812 knots long. Only two offsets from the projected great circle route between the Midway islands and Guam were found necessary to avoid obstacles to successful laying and operation of the cable. The first was a sub-marine mountain a short distance west of the Midway islands, and the second an abyss more than forty-nine hundred fathoms deep, found about five hundred miles east of Guam.

ASPHYXIATED BY COAL GAS. Two Men Dead and Another May Die as the Result of Two Accidents in New York City.

New York, Jan. 15.—Two young men, John Woessner and George Lehman, German farmers from Ackley, Ia., on their way back to their former homes in Germany for a visit, put up at the True Blue, a Second avenue hotel. One of them blew out the gas, and Woessner's dead body was found in the bed, with Lehman in an unconscious condition lying beside it. Lehman was taken to a hospital, where it was said he has a very small chance of recovering. In Woessner's pockets were found several hundred dollars.

Daniel Pearsal, the Brooklyn manager of a well-known hat concern, was asphyxiated by gas in a hotel on Dey street, where he was in the habit of stopping. The gas escaped from a gas stove. Pearsal died soon after he was taken unconscious from the room.

Coal Shortage Causes a Shutdown. Philadelphia, Jan. 15.—Inability to secure bituminous coal in sufficient quantities is necessitating the shutting down of some of the manufacturing concerns in the Schuylkill valley. At Birdsboro the plant of the I. E. & G. B. Brooke Iron Co. has been shut down for several days, but it is expected that in a few days sufficient coal will be on hand to enable some of the departments, if not the entire plant, to resume. The Reading Iron Co. is practically without coal, and unless it can be secured a temporary shut down must follow. From other points throughout the valley come reports of coal shortage for manufacturing plants.

Sensational Developments Expected. Sioux City, Ia., Jan. 15.—The remains of Dr. Gustave Mahe, whose body two wives claimed, were buried by wife No. 2. Although wife No. 1, who is in San Francisco, demanded the remains, the local official decided to issue a burial permit to wife No. 2, and she had charge of the ceremonies.

Death of Manlio Garibaldi.

Rome, Jan. 14.—A dispatch from Bordighera, on the Riviera, Saturday, announced the death of Manlio Garibaldi, a son of the late Gen. Garibaldi.

WORK OF CONGRESS.

Forecast of the Week's Proceedings in Both the Senate and House.

The Philippine Question and the Samoan Treaty Likely to Be Disposed of in the Senate—Routine Work in the House.

Washington, Jan. 15.—The senate probably will resume consideration of the Pettigrew resolution making request for certain information concerning the beginning of the war in the Philippines. This will be succeeded by a speech on the financial bill by Senator Rawlins, of Utah, if the present programme is followed. Senator Pettigrew will continue his speech on the Philippine resolution. After he concludes Senator Berry, of Arkansas, will take the floor for a general speech on the Philippine problem if sufficient time remains.

When the Pettigrew resolution is disposed of the Hoar resolution will supply food for talk each day in the morning hour, and after the Hale resolution concerning the seizure of American goods by Great Britain will be taken up.

It is Senator Aldrich's announced purpose to press consideration of the financial bill each day after the conclusion of the morning hour, but it is not probable that he will succeed in securing a daily speech on the subject. Senator Teller probably will speak some time during this week, after Senator Rawlins concludes. It is also understood Senator Daniel will be heard soon on the question of the finances. Other addresses on this subject will come later.

The consideration of the Samoan treaty in executive session will be resumed if the legislative work permits, and Senators Bacon and Money will make speeches in opposition to it. It is also possible that the report in the Quay case may be presented late in the week.

The house will plunge into the routine work of the session this week. Most of the time, excepting Friday, which has been set apart for paying tribute to the memory of the late Vice President Hobart, will be devoted to the consideration of appropriation bills. It is expected that both the urgent deficiency and the pension appropriation bills will be passed this week. The former, containing as it does many millions for the army and navy, will raise the whole question as to the insurrection in the Philippines, with its allied issues, and lead to a very protracted debate. How far the republican leaders will allow the debate to run has not yet been determined, but if the democrats insist and are persistent, they can hardly refuse them several days, in view of the large amount of appropriations involved.

The pension appropriation bill is also likely to cause some spirited debate owing to the disposition in certain quarters to criticize the conduct of the pension office. Attempts doubtless will be made to legislate upon the bill and secure reversals of some of the pension commissioner's rulings, but as all such legislation is subject to a point of order, it will fail.

There is no present prospect that the Roberts case will get into the house before next week.

MINERS' CONVENTION.

Nearly Five Hundred Delegates Attend the Opening Session of the Indianapolis Meeting.

Indianapolis, Ind., Jan. 15.—Nearly 500 delegates to the national convention of the United Mine Workers of America were present at the opening session and another 100 are expected. The larger delegations here are: Ohio, 10; Pennsylvania, 15; Illinois, 130; Kentucky, 15; Iowa, 10; West Virginia, 20; Indiana, 60.

The convention represents 100,000 workmen in 27 states. All of the delegates came instructed to demand an advance in the scale, but there is some difference as to how much will be demanded. Most of the delegations are very reticent on this score. The Indiana delegation decided upon an increase of 15 cents per ton.

In the matter of machine mining it was concluded to stand for a flat differential rate of 7 cents between pick and machine mined coal. This is the Illinois rate and, while the delegates are of the opinion that the operators have a slight advantage even at this rate they will be satisfied if the convention fixes it at this figure. The pick mines will suffer under this rate in slow runs, it is said, and a great many men will be idle, however, the figure named is looked on as being as near an equitable basis as can be reached.

Screens came in for a great amount of discussion, and it was finally determined to demand one and a quarter inch Akron bar screens, 6x12, and while this did not meet the approval of all the delegates an agreement was reached to accept these.

Floods in Washington.

Tacoma, Wash., Jan. 15.—A downpour of rain for three days, together with a prevailing chinook, is melting the snow, and has suddenly flooded several western Washington valleys and a great portion of Latah county, Idaho.

Murder Over Charge.

Helenwood, Tenn., Jan. 15.—At Albany, four miles from here, A. Chitwood, a highly respected young man, was shot and instantly killed by Elvin Phillips. The men had quarreled over some change. Phillips escaped.

GEN. OTIS' REPORT.

He Tells of the Military Operations in Luzon, South of Manila—Several Towns Taken.

Washington, Jan. 13.—Gen. Otis has made a report to the war department in regard to the military operations in Luzon, south of Manila, showing the capture of several towns and a large number of prisoners with arms and ammunition. The message is as follows:

"Manila, Jan. 13.—Continued operations Bates' command south Manila, 27th and 39th regiments, Calamba, commanded by Bullard. On January 1 Bullard, with two battalions 39th, attacked force of insurgents in vicinity driving enemy, capturing town of Cabayao, following day Binan; enemy's loss 70 killed, large number wounded, 20 prisoners and rifles captured; casualties, 3 men slightly wounded.

January 3 Boyd, three companies 37th, captured Gen. Rizal, official papers and property, three miles east of Los Baños; January 4 Long, detachment 39th, attacked insurgents at Carmona, 25 killed; no casualties. January 9 Bullard, with portions 37th and 39th regiments attacked enemy south of Calamba, whom he drove beyond Santo Tomas, killing 24, capturing artillery; casualties, 1 private killed. Capt. Baker and Lieut. Pelita, 29th, slightly wounded. January 11, Cheat-ham, 37th, 166 men, supported by artillery, attacked insurgents two miles west Santo Tomas, driving them from that section; no casualties. Schwan's column, consisting squadron 4th, one of 11th cavalry, 30th, 46th infantry and six Nordenfeldt guns, under Capt. Vandusen, seized Binan, Silang and Indang Naie, senting enemy, who were severely punished. Wheaton's column, three troops 11th cavalry, 4th, 28th, 38th and 45th regiments, Astor and Kenley's batteries, have driven enemy from all important points north of Si-lan line; had heavy fighting, captured considerable public property, inflicting heavy loss upon and scattering enemy; Schwan's column now moving in northern Batangas in southerly direction. All Cavite province occupied by Wheaton's command; heavy loss to enemy during week in men, ordnance and other property; all operations very successful.

DISASTER AT SEA.

Probably Sixty Lives Were Lost by the Wrecking of a Steamer Off the Newfoundland Coast.

St. Johns, N. F., Jan. 13.—The following comprises all the details regarding the wrecking in St. Mary's bay that can be obtained.

The ship is a two masted steamer of nearly 3,000 tons and probably carried a crew of 60, with possibly some passengers. She went ashore before daylight on Thursday, striking a ledge at the foot of the cliff, where escape was hopeless. The crew launched the boats but probably during the panic some were crushed against her sides, others being swamped, and all the occupants apparently perishing.

The ship was seen to be on fire by residents six miles away. Attracted to the scene they found the after half of the wreck blazing fiercely and the forepart under water. The vessel soon went down. There is not the slightest prospect that any soul on board escaped death, as the intense mid-winter cold would kill any who escaped drowning.

A trunk filled with woman's clothing has been washed ashore there as well as a garment which is either a waterproof cape, such as used by a woman, or a man's overcoat. Nearby was found some underwear, evidently a man's, marked with the initials "J. J." This seems to indicate that the ship had passengers.

BUTTONS PROHIBITED.

Regulations of the Army Pertaining to the Wearing of Badges and Other Decorations.

Washington, Jan. 13.—The secretary of war has amended the regulations of the army pertaining to the wearing of badges and similar decorations so as to permit officers and enlisted men, who in their own right, or by right of inheritance, are members of military societies; of men who served in the armies and navies of the United States in the war of the revolution, the war of 1812, the Mexican war and the war of the rebellion or are members of the regular army and navy union, to wear on all occasions of ceremony the distinctive badges of such societies.

It is also provided that medals of honor and the several distinctive marks given for excellence in rifle practice as well as army corps badges, may be worn on occasions of ceremony. The wearing of insignia "buttons," however, is prohibited.

Good Results of Arbitration.

Washington, Jan. 13.—The industrial commission heard Joseph Bishop, secretary of the Ohio state board of arbitration. He gave the commission the results of arbitration in Ohio and the recommendations he had made to the Ohio legislature. He said that whenever employers recognized committees representing labor a settlement without a strike was the result.

Thief Quickly Captured.

Hartford City, Ind., Jan. 13.—A thief giving his name as Ed Harris and his residence as Cincinnati was captured in the Pan-handle freight office just after having robbed the safe. The stolen money was found on his person. He was bound over to the Circuit court.

Residence Robbed.

New York, Jan. 13.—Diamonds and other valuable jewelry to the value of about \$5,000 was stolen from the home of Mrs. Joseph Wood, in East Thirty-third street. It is thought the thieves entered the house when the occupants were at dinner.

Confessed Thief Sentenced.

New York, Jan. 13.—Lewis E. Goldsmith, cashier of the Port Jervis (N. Y.) National bank, who confessed to the theft of \$101,000, has been sentenced to eight years' imprisonment in Sing Sing.

"Proof of the Pudding Is in the Eating."

It is not what we say, but what Hood's Sarsaparilla does, that tells the story. Thousands of people give the proof by telling of remarkable cures by Hood's Sarsaparilla of Scrofula, Salt Rheum, Dyspepsia, Catarrh, Rheumatism, and all other blood diseases and debility.

GAVE HIM A TONIC.

The Over Zealous Bellboy Gets a Satisfactory Reward for His Check.

A well-known drug drummer, who is paying his regular holiday visit to New Orleans, took the train last Monday evening for a little side trip to Baton Rouge and in the hurry of his departure left a handsome bone-handled umbrella hanging on a hook in the lobby of the hotel. It was a tempting prize, but probably every kleptomaniac who saw it supposed the owner was seated near at hand. At any rate, it remained untroubled and was still there yesterday when the drummer returned. "By the way," he remarked, after he exchanged greetings with the clerk, "I've managed somehow to lose my new bone-handled umbrella. Have any of you seen such a thing lying around the office?" A quick-witted bellboy heard the question and, glancing around, saw the missing article hanging within a foot of his head. Supposing it had been there for only a few moments, he promptly grasped the handle. "Is this the one?" he inquired. "Yes," exclaimed the traveler, delighted, "and I must say I'm surprised nobody has snatched it." "Aw, they couldn't do that," replied the bellboy. "I've been holding on to it for ever since I hung it up." The drug drummer snatched up his bone-handled umbrella, his pocket and a wondrous smile overspread his countenance. "Well," he said, slowly, "I was intending to give you half a dollar, but if you've been holding that umbrella for three consecutive days you're more in need of a tonic. Here is a capsule of gumma and iron." The bellboy which settled down upon the bell bench might have been seen with an ax.—N. O. Times-Democrat.

Near unto Greatness.

A Louisville woman who spent the summer at a famous mountain resort in Virginia declares that, like all other places of the kind, it has its star boarder. "There was a young southern girl. She was not pretty, yet far from being homely; there was no special style about her, and she was as heavy on hand as a leg, and last of all, she was not particularly rich. But she lorded it over the place, and all the other boarders walked behind like the sister of guile. 'Dude,' the Louisville woman lost sleep—trying to find the key to this social mystery. One day she chatted with the female potentate. They talked on and on until finally the subject turned on the Davis family. 'Did you know any of them?' she asked.

"No," replied the girl-who-walked-before, grandly, "but I just missed traveling on the train since with Winnie Davis."

And then the other woman from the south gazed reverently at the "just missed," and the Louisville lady exclaimed, softly: "Eureka!"—Louisville Times.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases of deafness are cured by Catarrh Cure, which is nothing but an inflamed condition of the mucous surfaces.

We will cure One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

Eld. Lloyd Darsie Called.

THE congregation of the Christian Church on Sunday morning extended a unanimous call to Eld. Lloyd Darsie, of Buffalo, N. Y., to be pastor of the Paris Christian Church. Eld. Darsie preached here several weeks ago and made a most favorable impression on the congregation. He will no doubt accept the call.

The officers of the church on Sunday morning offered resolutions attesting the love and esteem in which Eld. J. S. Sweeney, the retiring pastor, is held by the members of the church, and the resolutions were adopted by a unanimous vote. Elder Sweeney came to the Paris church in the vigor of his young manhood and for twenty-nine years was its faithful and beloved pastor. During that time he preached the gospel simply, eloquently and earnestly, and has made the Christian Church a tower of strength in Bourbon. He has officiated at hundreds of happy marriages of his members and sixteen hundred times he has gone with his members to the silent city of the dead to give them such consolation as can be given in such times of sorrow.

There are few pastors who have been so generally and deservedly beloved by a congregation as is Elder Sweeney and his voluntary retirement will be regretted by hundreds, and their best wishes will follow him wherever he goes.

Present For Eld. J. S. Sweeney.

The congregation of the Christian Church has bought a silver service to present to Eld. J. S. Sweeney as a token of appreciation of his services as pastor of the Christian Church. The service will cost \$250 and will consist of a pitcher, waiter and goblet, one-half dozen table spoons, one-half dozen dessert spoons, and one-half dozen tea spoons, in a handsome oak chest. The silver service was bought from A. J. Winters & Co., who sold a fine service last week as a wedding present for Lexington parties.

Paris Merchants Faked.

More than two hundred and fifty large advertising cards which lie neglected in a certain Paris newspaper office are mute evidence of the most successful swindling scheme that has been worked in Paris for years.

Several months ago a smooth stranger secured a large number of advertising cards to be printed on a large railroad time-card to be framed and displayed. The merchants paid from five to eighteen dollars per card, and the swindler only took out enough cards to use in collecting his money. The balance were left in the newspaper office where they were printed.

Why will the merchants throw away their money on the swindling fakers? Some Paris men will freely give their money to a stranger and flatly refuse to give an advertisement to the local newspapers or a local advertising solicitor.

The Light Question.

The City Council has not yet settled the question of lighting the city during the coming year, having postponed action until the next meeting of the council. A motion to sell the city's stock in the Gas Co. was lost by a vote of four to three. The city owns nearly one-third of the stock in the Gas Co., having paid \$11,500 for its interest twenty-seven years ago. Up to 1892 the Gas Co. paid the city annual dividends ranging from \$345 to \$575, aggregating \$12,850. The company has not paid dividends since 1892 because it has been paying off a debt of \$6,000 incurred in putting in improvements, and making the company capable of supplying gas for a city of 20,000 people.

A motion to submit the light question to a vote of the people was postponed until the next meeting of council. City School bonds amounting to \$7,000 were cancelled, and debts amount to \$20,000 were paid during the past six months.

Miss Margolin's Concert.

Miss Margolin should be greeted by a very large audience.

Imperial spectacles and eyeglasses have perfect lenses, always perfectly centered and made of purest material, set in frames of the highest elasticity and consequently of great durability, united with the utmost lightness and elegance. When both frames and lenses are scientifically fitted by Dr. C. H. Bowen's system they always give satisfaction for they are perfect. Never buy cheap spectacles, nor of men who do not know how to fit them. You will get poorly adjusted spectacles, or poor, imperfect lenses, and are better off without any glasses than with either of these defects. Buy Imperial spectacles of a reliable, skillful dealer, and they will last longer without change and be cheapest in the end.

Not Necessary to Talk Much.
"You know," she said, "I am not much of a conversationalist."

MODISH LONG COAT.

Stylish Wraps That Well-Dressed Women Are Wearing This Winter.

Every day almost one sees some new idea in the three-quarter coat line. They are always picturesque and usually becoming, but strange to the unaccustomed eye after so many seasons of short, tight jackets or full-length garments. The latest to come across was of fine black cloth in straight saque lines to the knees, the same length all about. The straps and small gold buttons which fastened the front were almost covered by the long ends of the broad white lace cravat. These ends were deeply fringed with white silk and reached the hem of the coat. About the shoulders there was a charmingly draped hood of the white lace turned up softly with folds of black cloth tucked and stitched with white. About the top of the lace choker, which flared out a little, there was an edge of sable, and a high, flat, soft sable muff was carried. The hands thrust into this looked especially quaint by reason of the wide bell-shaped wrists of the coat sleeves. These wrists were turned broadly back and faced with white lace bordered with sable. A toque of black cloth stitched all over with white was very jaunty with this, its only trimming being down-turned white wings spreading from a large square gold buckle. Quite a new idea is to cut out the edge of these knee-long saques into scallops and to lengthen them toward the back into a round point. The back in this way, with its straight lines about the waist, gives the effect of a shawl wrap with sleeves. One of these in three shades of gray cloth is no end smart, narrow bands of caracule trimming it. The darkest gray is used for the coat proper, a lighter shade for a narrow under band, which hangs below about three inches, and the edge of the coat itself bordered with a narrow band of black caracule, both of which round up the front to the bust. About the shoulders there is a triple scalloped collar of the three shades, the largest underneath, the lightest—an almost white gray—forming the top, and smallest collar. All are edged with bands of caracule, this fur lining the choker with its slightly flaring points under the chin. A crisp bow of black velvet has ends to the knees and forms the smartest possible cravat.

This cloak was worn in company with a tailor gown of such excellence of cut and finish that it is worthy of description. Its delicate shade of light blue was alone beautiful to behold, as well as its buttons of lapis lazuli, four of which fastened the side of the Eton jacket, the front of which extended in a pointed plastron effect far below the waist line. This coat front was stitched closely in parallel lines of black straight across its whole length. The front panel of the skirt was stitched in the same way, and the skirt on the sides and back was laid in clusters of short tucks. It was completed by a toque entirely of birds' breasts in gray and white, and a sable neckpiece was fastened on the side with five or six tails and an enameled buckle.—Boston Herald.

SHAVED ALL NIGHT.

Odd Experience of a Temperance Lecturer Alleged to Be as "Crazy as a Loon."

Not long ago a gentleman of meek and docile appearance visited San Francisco. He was a lecturer. If not already known, he is known now that a lecturer is a person who can talk with more or less fluency on any subject, look serious and in nine cases out of a dozen borrow money. The gentleman to whom this refers was a temperance lecturer. He had fought the demon rum for years and not always with success. He put up at a temperance hotel, and it might be remarked in passing that it is easier to inquire for a temperance hotel in this town than to find one.

But, while our friend was good and pious and virtuous and temperate, he was not proof against influenza. When he reached his hotel he was sneezing fearfully, his head was aching and he had every indication of fever. He sent for a doctor and a wise old practitioner of much experience responded. The patient said he was billed to lecture the following night.

"Then," said the doctor, "take two or three whisky punches, as hot as you can swallow them, and sleep between the blankets."

"Impossible!" said the patient. "I have fought the demon rum all my life, and to-morrow night I will address the flower of the youth of San Francisco on 'Damnation in the Bottle.'"

"Well," said the doctor, "if I give you drugs you won't be able to lecture to-morrow night, but if you do as I advise you will be fit."

The lecturer hesitated; then, in a half whisper: "But there is no whisky sold in this house, and see what a scandal it would create if I should send out for some."

"Oh, I will fix that," exclaimed the doctor. "I will order a bottle of whisky and you can order shaving water."

And thus it was settled. The doctor soon returned with a bottle of old rye and sundry lumps of sugar and a couple of lemons in a paper bag. He then left his patient, promising to return at ten o'clock the following morning to see how matters were progressing.

At ten o'clock next morning the doctor appeared and was met by the Irish porter in the hall near the lecturer's room. The latter, on seeing the doctor, raised a warning finger.

"Whist, whist! For God's sake, whist!" said he. "He's jest gone to sleep, and we've sent for the police. He's as crazy as a loon."

"Crazy, crazy," replied the doctor; "what do you mean?"
"Why, God help this poor soul!" said the porter. "He's been shavin' all night."—San Francisco Examiner.

New Cable Lines.

France is absolutely dependent upon England for news of the Transvaal war, because the cables are under her control, and she is ready to spend a vast sum of money to free herself. This is like many people who, after allowing dyspepsia to settle upon them, send a fortune seeking deliverance. Save your money and try Hostetter's Stomach Bitters, the medicine which never fails to cure dyspepsia, constipation, biliousness, malaria, fever and ague.

A Suspicious American Tourist.

The American tourist is so firmly convinced that he is being cheated on all hands during his European travels that he occasionally oversteps the bounds of prudence. "What is the price of this ring?" asked a young man in a Paris shop, handling a small silver brooch of exquisite workmanship. "Twenty francs, monsieur," said the clerk. "That's altogether too much," said the young American. "It's for a present to my sister. I'll give you five francs for it." "Zen it would be I at gaze ze zee-zest to your sister," said the Frenchman, with a deprecating shrug. "And I do not know ze young mademoiselle."—Chicago Chronicle.

Cow in a Golf Match.

Ed Tufts, of Los Angeles, was playing golf with a friend recently. When he drove from the third teeing ground, he sliced the ball badly and sent it away to one side. It stopped in front of a grazing cow, and Tufts came up just in time to see it disappear into the bovine mouth. When his opponent had made his stroke, Tufts untethered the cow, and with many sounding threats of his club, drove the beast to the third hole. There he made her disgorge the ball, and, nearly boiling it, announced that he had made the hole in two strokes. His opponent calmly finished the hole in seven, and claimed the hole. "But I made it in two," protested Tufts, gleefully. "No, you didn't," declared the other; "you made it in 30. You hit that cow 37 times, for I counted every stroke," and Tufts conceded the hole.—San Francisco Argonaut.

"Do you believe in the influence of single words on a person's character? Some poetical fellow has advanced the theory, you know."

"Yes, I do. There's my wife, for instance. She rises in the morning pale and listless. She picks up the morning paper. Suddenly her eye brightens, her face flushes, her whole appearance changes. A single word has wrought the miracle."

"What's that word?"

Millions of Women Use Cuticura Soap

Exclusively for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and healing red, rough, and sore hands, in the form of baths for annoying irritations, inflammations, and chafings, or too free or offensive perspiration, in the form of washes, for ulcerative weaknesses, and for many sanative antiseptic purposes which readily suggest themselves to women, and especially mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used it to use any other, especially for preserving and purifying the skin, scalp, and hair of infants and children. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated or toilet soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, viz., TWENTY-FIVE CENTS, the best skin and complexion soap, the best toilet and best baby soap in the world.

All that has been said of Cuticura Soap may be said with even greater emphasis of CUTICURA OINTMENT, the most delicate and yet most effective of emollients, and greatest of skin cures. Its use in connection with Cuticura Soap (as per directions around each package), in the "ONE NIGHT CURE FOR SORE HANDS," in the "INSTANT RELIEF TREATMENT FOR DISFIGURING ITCHINGS AND IRRITATIONS," and in "A SHAMPOO FOR FALLING HAIR, AND ITCHING, SCALY SCALPS," and in many uses too numerous to mention, is sufficient to prove its superiority over all other preparations for the skin.

Cuticura Complete External and Internal Treatment for Every Humour. Consisting of CUTICURA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle; CUTICURA OINTMENT (25c.), to instantly allay itching, inflammation, and irritation, and soothe and heal and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood. A SINGLE SET is often sufficient to cure the most torturing, disfiguring, itching, and burning skin, scalp, and blood humors, with loss of hair, when all other remedies have failed. Sold throughout the world. POTTER DRUG AND CHEM. CO., Sole Props., Boston. Send for "A Book for Women," free.
